

PNKCA and K.O.I.

Present a New Koi Lab

Location: The Monarch Hotel, Clackamas, OR
Date and Time: Friday, June 1st from 8:30am – 5:00pm
Cost of Wet Lab is \$85.00 lunch not included.

Participants will need to bring their own microscope. This wet lab is designed for all levels of experience in fish keeping, from beginning hobbyist to advance koi keeper. The wet lab will focus on basic fish health and also include training on how to use a microscope, parasite identification, use of anesthesia, diagnostic techniques, analyzing water tests and comparing results. This will be a hands-on wet lab with at least 4 separate break-out learning sessions. Spike Cover promises that this wet lab will not be the “same old stuff” with lots of current, accurate and useful information.

You will not want to miss this Wet Lab! We are extremely fortunate to have some of the most knowledgeable experts in fish health at our wet lab:

Koi Organisation International Instructors:
Syd Mitchell, Spike Cover, Karen Pattist and Monty McQuade.

To Register for the Wet Lab: There is a printable registration form on the PNKCA Website: Go to www.pnkca.com then: PNKCA 2018 Convention-Registration
